Good Afternoon Amit,

Thank you for your message & the invitation to participate in tomorrow's conference call with ARB regarding the Riverside Ag Park Off-Site evaluation. Thanks too for your voicemail message.

Would you please send me the call-in information for the conference call? I'm not entirely certain at this point that I will be able to phone-in for the entire call – but I would like to attempt to dial-in & follow along with the discussion if my schedule permits. I have a couple of conflicts with the timing of this particular conference call – but if I can arrange to participate I will surely call-in.

Thanks again for sharing the latest Amit – I very much appreciate it.

Thanks. I will make sure that he is in the loop.

Patrick:

As you know we are working with ARB on Modeling and we have scheduled a call tomorrow with ARB. Please let me know if you are able to join us and I will send you call in number. It is at 9:00 AM tomorrow.

Also see the attached e-mail from ARB that has proposed methodology to use concentration of PCBs and Areas for modeling purpose.

Thanks.

Good Afternoon Amit!

I wanted to take a moment to formally introduce you to Dr. Patrick Wilson of US EPA Region 9. Patrick is the Senior Regional Toxicologist who has provided tremendous support to the Ag Park activities over the past year or so. He has been designated as DTSC's US EPA point person for the Arlanza neighborhood evaluation, and as such, it would be extremely beneficial to keep him in the loop on your conversations with the Air Resources Board and other activities related to the evaluation.

I have copied Patrick on this email, and for your information, his detailed contact information is included below:

United States Environmental Protection Agency

Patrick Wilson, Ph.D., M.P.H. | Senior Regional Toxicologist | Regional Incident Coordination Team
